

IT Services Cost Calculator for Cyprus SMEs

What This Tool Does

This calculator gives you a quick, clear estimate of your monthly IT services costs based on the size of your business and the services you actually need. No fluff, no confusing tech terms-just numbers you can use.

Step 1: How Big Is Your Team?

- 1-5 employees
- 6-10 employees
- 11-25 employees
- 26-50 employees
- 51-100 employees

(Larger? Contact us directly for a tailored quote.)

Step 2: What Services Do You Need?

- Ongoing tech support (day-to-day issues, monitoring, updates)
- Cybersecurity (antivirus, firewalls, threat monitoring)
- Cloud services (email, file storage, backups)
- Network setup & maintenance (Wi-Fi, cabling, equipment)
- Device and software support (installation, licensing, fixes)
- Remote work support (VPNs, secure remote access)

Step 3: Service Level

- Basic: Essential coverage, slower response time (1-2 days)
- Standard: Balanced support and cost, same-day responses
- Premium: Fast responses (under 2 hours), full coverage, priority handling

Step 4: Estimated Monthly Cost

Based on your selections, here's your rough monthly cost range:

IT Services Cost Calculator for Cyprus SMEs

Team Size	Basic (EUR)	Standard (EUR)	Premium (EUR)
1-5 employees	250-400	400-600	600-800
6-10 employees	400-600	600-900	900-1200
11-25 employees	600-900	900-1400	1400-1800
26-50 employees	900-1300	1400-2000	2000-2800
51-100 employees	1400-2000	2000-3000	3000-4200
