

Unified Communications ROI Calculator

Why This Calculator Exists

Unified communications (UC) can save your business time and money - but only if you choose the right system. This calculator helps you estimate potential cost savings and productivity gains based on real data from businesses in Cyprus.

Unified Communications ROI Calculator

How to Use This Calculator

1. Enter your current communication costs.
2. Estimate team time spent on communication.
3. Input potential savings and gains.

Use realistic benchmarks provided in the next section.

Unified Communications ROI Calculator
